

Support for 3 x 200-liter drums h883_03

Painted steel drum support for 3 x 200-liter drums. Stackable structure with 680 kg load capacity and dimensions 200x60x75 cm.

This **drum support structure** is specifically designed for the organization and safety of industrial storage processes. Made of high-resistance **painted steel**, the support allows for the stable housing of **three 200-liter drums** each. The configuration of the structure is designed to maximize operational space efficiency, thanks to its **stackable** nature that allows for modular warehouse management.

Technical features

- **Material:** painted steel
- **Configuration:** stackable structure
- **Storage capacity:** 3 x 200-liter drums
- **Maximum load capacity:** 680 kg
- **Total dimensions:** 200 x 60 x h. 75 cm
