

Surgical sink with 2 stations h564_08

Surgeon's sink in stainless steel, wall-mounted with 2 stations. Dimensions: W120 x D55 x H105 cm

Operating room sink with 2 stations and wall-mounted fixing. Made of **stainless steel** suitable to withstand aggressive environments with temperatures ranging from – 268° to over + 650°. The material also allows for **easy cleaning** and does not present problems for toxic emissions. The sink is equipped with a **removable drain and rear backsplash (55 x 10 cm)** to support water dispensers, brush holders, or detergents. The basin, given its specific shape, is **easy to clean and sound-deadened**, plus it is complete with a **splashback wall**.

Technical features:

- Dimensions: W120 x D55 x H105 cm
- Material: stainless steel AISI 304 – EN 14301
- Finish: brushed Scotch Brite, thickness 10/10
- With 2 stations
- With drain
- With splashback wall
- Wall fixing with 35 cm clearance from the floor
