## FAQ:

1. **Is the armchair suitable for intensive use?**  
Yes, it is designed for continuous use up to 8 hours a day.
2. **What maintenance is required for the faux leather upholstery?**  
Simply clean it with a damp cloth and mild detergents to keep the surface in excellent condition.
3. **Does the swivel base properly support the indicated maximum weight?**  
Yes, the base and wheels are designed to support up to 110 kg in a stable and safe manner.
4. **Can I adjust the seat height?**  
Yes, the gas lift allows for easy and smooth adjustment between 51 and 60 cm.
5. **Is it possible to use the armchair on delicate floors?**  
Yes, the nylon wheels are suitable for delicate floors and prevent scratches or damage.

## Buying guide:

Opt for a **steel executive seat** if you are looking for a **robust** and **durable** office armchair. The **waterproof sky faux leather** upholstery guarantees high **abrasion** resistance and easy maintenance. The presence of thick padding ensures **comfort** during prolonged use. Height adjustment via **gas** lift and the tilting mechanism with lock improve **ergonomics** and support. Also consider the **included armrests** and **nylon wheels** for greater functionality and mobility. The **steel** structure adds stability and robustness to the seat.
