

Table tennis table for public spaces h677_25

Table tennis table for recreational areas in fiber cement in two color variants. Dimensions: h 76 x w 274 x D 152.5 cm.

Outdoor game table for public parks, camping and recreational areas, sports facilities, holiday villages, hotels and beach resorts. **Innovative and design model** with high-resistance **concrete base** and worktop structure with mosaic pattern in natural marble or granite stones. The table tennis table dimensions are standard and the worktop is available in **two color variants**: green and blue. A protective coating is applied to all surfaces for greater **resistance and protection** from weathering and impurities. The connection components are made of stainless steel. The worktop is fixed to the legs, with rounded and perforated lines, using metal elements coated with zinc epoxy primer and powder-coated.

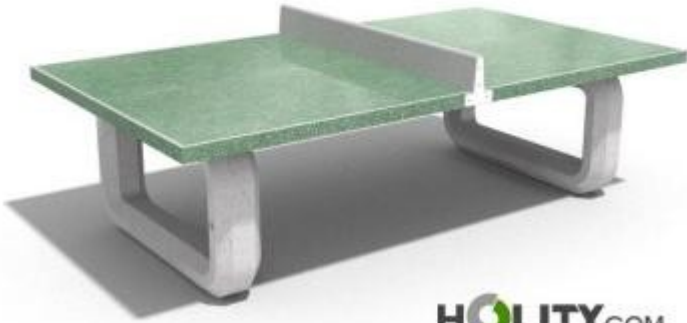

Technical features:

- Material: fiber cement
- Dimensions: h 76 x w 274 x D 152.5 cm
- Worktop available in two colors: blue, green
- Legs with soft and perforated lines in white
- Ground fixing by placement
- Weight: 1000 kg

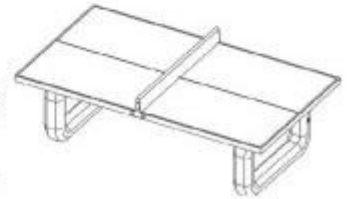

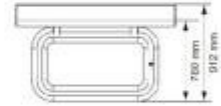

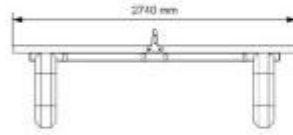

INFORMATION

- Height in millimeters 760.000000
- Width in millimeters 2740.000000
- Depth in millimeters 1525.000000
