

Table with 4 integrated chairs for preschool h872_15

Rectangular table with 4 integrated chairs for preschools. 18 mm melamine top, 1200x800x750 mm, PVC edges and adjustable feet.

This **rectangular table with 4 integrated chairs** represents a complete and safe furnishing solution for preschools and educational centers dedicated to children aged 2 to 6. Designed to optimize space and encourage group work, the monobloc system eliminates the clutter of scattered chairs, ensuring a classroom configuration that is always tidy and functional. The structure meets the needs of high-traffic environments, where **preventive safety** and ease of maintenance are fundamental requirements for school staff.

Technical specifications

- **Top material:** 18 mm chipboard with anti-glare white melamine surface.
- **Edges:** Rounded injected PVC profile, apple green color, for the prevention of impact trauma.
- **Seating structure:** Chairs integrated and stably connected to the base of the table.
- **Feet:** Made of high-resistance plastic material, height 440 mm.
- **Total dimensions:** 1200 x 800 x h 750 mm.
- **Leveling systems:** Adjustable jacks up to 20 mm to compensate for any floor irregularities.
