

Table with benches and parasol hole h463_15

4-seater monoblock table with integrated benches, RAL 7016 metal structure and teak-effect HPL tops, complete with parasol hole.

The **H463_15 table with integrated benches** is a monoblock urban furniture system designed to set up rest areas and social zones in public and private outdoor spaces. The solution combines a support surface and four seats in a single self-supporting structure, optimizing space and ensuring maximum stability. The modern design and the choice of materials make it ideal for **parks, picnic areas, school courtyards and commercial terraces**, solving issues related to unauthorized movement of furniture and resistance to atmospheric agents.

Technical features

- **Structure:** Metal with anti-corrosion treatment and RAL 7016 grey painting.
- **Top and seats:** High-pressure laminate (HPL) with teak effect finish.
- **Total dimensions:** W 137.5 x D 118 x H 77 cm.
- **Seat height:** 462 mm.
- **Capacity:** 4-seater configuration with integrated benches.
- **Preparation:** Central hole for inserting a parasol.
- **Installation:** Self-supporting system prepared for ground fixing using bolts.
- **Resistance:** Certified materials for outdoor use against UV rays, humidity and mechanical wear.
- **Maintenance:** Water-repellent surfaces requiring minimal cleaning with a damp cloth.
- **Warranty:** 2 years.
