

## Task chair in technical mesh h122\_97

Office chair with lockable tilt mechanism and steel base with swivel wheels. Adjustable height: 89-98 cm.

**The adjustable height task chair is perfect for those who work for several hours sitting at a desk. The seat structure has indeed been specifically designed to ensure the greatest possible comfort and at the same time prevent rheumatic problems normally caused by incorrect posture.**

The chair features a **fabric and breathable technical mesh upholstery with lumbar support**. A gas lift system allows the seat height to be adjusted, from 89 to 98 cm.

**The steel base with swivel wheels ensures stability and versatility for the product at the same time.**

The seat is made in black, while it is possible to choose from different backrest colors.
