

Task chair max capacity 120 kg h449_184

Task chair with shaped backrest, synchro mechanism and certified gas lift. Dimensions: D 68 x H from 107 to 119 cm.

The **task chair max capacity 120 kg H449_184** is a high-end professional seat, designed to guarantee **ergonomics, resistance and safety** even in prolonged use up to **12 hours daily**. Its robust **steel structure** and the **Ø 68 cm base with nylon/rubber wheels Ø 65 mm** ensure stability and long durability, making it ideal for intensive work environments.

The **shaped padded backrest** in 3 cm T25 foam, combined with an **ergonomic seat padded** with 4 cm T25 sponge, offers optimal support and reduces postural fatigue. The **synchro mechanism between seat and backrest with 4 locking positions** allows for personalized adjustments, while the **permanent contact system with height-adjustable backrest** guarantees constant support for the back.

Thanks to the **antishock** function, sudden return of the backrest is prevented, increasing safety. The **TUV certified gas lift** and compliance with **DL 81/08** and **EN 1335-B** regulations make the H449_184 a reliable task chair compliant with European standards. The **armrests are optional**, for complete customization.

Choose the **H449_184 task chair** and work in total comfort with an ergonomic, resistant and certified seat. Contact us for corporate supplies and personalized quotes.
