

Task chair with mesh backrest h449_144

Office chair with adjustable lumbar support. Dimensions: 70 x 68 x H 100 to 112 cm.

The **H449_144 task chair** combines a modern aesthetic with ergonomic features designed for daily office use for up to **12 hours a day**. Characterized by **white shells** and a **mesh backrest**, it stands out for its visual lightness and breathability, while offering a **stable and comfortable seat**.

The **steel structure** ensures durability over time, while the **padded seat**, in **PPL reinforced with steel bars**, is completed with **6 cm thick T25 sponge**, for long-lasting support. The **nylon mesh backrest** is equipped with **adjustable lumbar support**, an essential element for those who work many hours at a PC.

Thanks to the **gas lift** mechanisms, **synchro movement** between seat and backrest, **permanent contact** and **anti-shock system**, the chair adapts perfectly to the user's position, helping to maintain correct posture and prevent muscle fatigue.

The **nylon wheels Ø 50 mm** ensure smooth movement on hard surfaces. The **armrests are not included**, but can be purchased separately as an **optional**, to further customize the seating experience.

Invest in ergonomics and design with the **H449_144 task chair**. Contact us to purchase options or receive an offer for corporate supplies.
