

Task chair with padding h163_51

Office chair in polypropylene and gas lift system. Base footprint: 70 x 70 cm. Available in two colors.

The task chair ideal for furnishing public and private offices and in general all workstations that require the use of a computer for several hours. **The product consists of a reinforced polypropylene backrest and a polypropylene seat with metal reinforcement bars.** The Syncro multi-block mechanism with anti-shock system and foam padding guarantee correct posture and comfort.

It is possible to adjust the height thanks to a gas pump. The wheels provide versatility and stability to the chair.

It is possible to choose the fabric in two different colors: black and blue.
