## Transfer and lifting sheet h13677

High-slip patient transfer and lifting sheet. Equipped with straps. Dimensions: 71 x 200 cm. Maximum capacity: 180 Kg.

Aid that maintains the same characteristics as high-slip sheets; the differences are represented by the dimensions: the sheet has a length of 2 meters and a width of 71 cm.

Furthermore, it features **straps on each of the four sides**, which allow it to be used even for small transfers between different surfaces (when a slight lifting of the user is required).

### Technical features:

- Width: 71 cm
- Length: 200 cm
- Washing: max 70°
- Maximum capacity: 180 Kg
