

Tendiflex Chrome Webbing Post h635_02

TendiFlex® Classic queue management post with polished chrome finish complete with 2.30-meter webbing. Made in Italy.

TendiFlex® Classic webbing post in **polished chrome finish**, with **2.30 m extendable webbing** with slow-retract system. **The post** is equipped with a safety lock and designed for triple attachment. The attachment consists of an **ergonomic block**. **TendiFlex®** is a quality brand, synonymous with **robustness, durability**, as well as a guarantee, entirely **Made in Italy** which has incorporated a communicative function into the classic webbing post, making it a **multifunctional support**, and therefore essential in every environment. The **Tendiflex** queue management post is used in airports, stations, theaters, hospitals, and in any place where people gather and there is a need to maintain proper order. It is possible to combine the post with a signage frame to be inserted at the top.

Technical features:

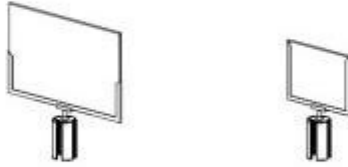

- TendiFlex® Classic webbing post
- Polished chrome
- Webbing length: 2.30 m
