

Therapy couch width 80 cm h559_33

3-section therapy and medical examination couch with electrically adjustable height. Capacity: 200 kg. Width: 80 cm.

Treatment couch with TR/RTR movement for physiotherapy suitable for clinics, medical practices, hospitals. Divided into **three sections** with **variable height** and **width 80 cm**. The structure is made of **metal**, resistant and robust; the couch is made with **high-density rubber padding** and covered with **class 1 IM fire-retardant coated fabric** (skai, imitation leather), washable with common detergents. The height is electrically adjustable via two **electric columns** that support the couch. The columns have a force equal to 2000N each. All **electrical components comply with directive EEC 93/42**. The **cushions**, on the other hand, are **reclinable** thanks to a **gas spring** and can be operated via ergonomic levers located under the upper frame. The gas spring has a force equal to 600N. The inclination of the headrest is +70° and -35°. The leg cushion can be tilted at an angle of +80°. Featuring a **face hole, a roll holder, and 4 adjustable feet provided as standard**. The metal parts are subjected to **phosphodegreasing, rinsing, and painting treatments** with powder paint polymerized at 200 °C with a thickness of 70/80 microns. **Glossy finish. Item available in several color variants.**

Technical features:

- Dimensions: h min 50 max 94 x L 195 x W 80 cm
- Structure material: metal
- Couch material: high-density rubber padding and coating with waterproof and fire-retardant class 1 IM coated fabric
- Capacity: 200 kg
- Weight: 80 kg
- Electrically adjustable height
- Gas spring operated via ergonomic levers
- Headrest inclination adjustment: +70° -35°
- Leg cushion inclination adjustment: +80°
- TR/RTR movement
- 4 adjustable feet included
- Face hole and roll holder provided as standard
- Device subject to phosphodegreasing, rinsing, and painting treatments with polymerized paint
- Available in different colors
- Class 1 medical device compliant with the requirements of directive EEC 93/42

**Optional: Castor kit*

**Upon request, it is possible to order the couch in a different width than the standard ones (68 cm/80 cm/ 100 cm/200 cm).*

**Images purely indicative.*
