

Thermoelectric hotel minibar with mirror door h76_92

33L thermoelectric minibar with mirrored glass door, ideal for hotels. Compact design W402xD436xh550 mm for free-standing or built-in installation.

The **thermoelectric minibar with mirror door** represents a silent and elegant refrigeration solution, specifically designed for hotel rooms that require a functional furnishing accessory with a contemporary design. Thanks to the thermoelectric cooling system, the device eliminates mechanical vibrations, ensuring maximum acoustic comfort for guests. The versatile structure allows integration both as a **built-in** unit within room furniture or as a **free-standing** element. The tempered glass front panel with mirror finish not only enhances the aesthetics of the environment, but also solves the problem of the perception of small spaces, reflecting light and the depth of the room.

Technical features

- **External dimensions:** W. 402 x D. 436 x h. 550 mm
- **Net internal volume:** 33 Liters
- **Refrigeration technology:** Thermoelectric (compressor-free)
- **Door material:** Tempered glass with mirror finish
- **Configuration:** Reversible door with 1.5 lt bottle compartment
- **Internal equipment:** 2 adjustable shelves and LED lighting
- **Thermal management:** Electronic thermostat and cyclic automatic defrosting
- **Power supply:** 220-240 V / 50 Hz
- **Rated power:** 58 Watt
- **Annual energy consumption:** 89 kWh (Class F - EU 2019/2016)
- **Sound emission class:** A (maximum silence)
- **Net weight:** 14 kg
- **Certifications:** CE / RoHS
