

Three-seater office sofa with armrests H776_86

Professional 3-seater sofa in eco-leather and plywood, 173.6x66 cm. Reinforced structure with elastic belts for waiting rooms and offices.

The **H776_86 three-seater sofa** is a technical furnishing component designed for collective spaces, offices, and reception areas. The design focuses on structural strength and the ability to maintain original ergonomics even in high-traffic contexts. The combination of a **plywood** frame and a system of **elastic belts** guarantees a flexible yet stable mechanical response, preventing deformation over time.

Comfort is ensured by padding in **foamed polyurethane resins** with a density of 30 Kg/mc, a value that defines a load-bearing seat capable of supporting the weight of three people without sagging. The design is completed by chrome-plated nylon supports that raise the structure by 80 mm, facilitating cleaning operations underneath and protecting technical floors.

Technical characteristics

- **Total dimensions:** W 173.6 x D 66 x H 74 cm
- **Seat height:** 41 cm (ergonomic standard for waiting)
- **Armrest height:** 33 cm
- **Frame:** Plywood with elastic belt suspension system
- **Padding:** Polyurethane foam with 30 Kg/mc density
- **Feet:** Chrome-plated nylon with truncated-conical section (Ø 60-40 mm)
- **Standard coating:** High-resistance eco-leather
- **Professional warranty:** 5 years

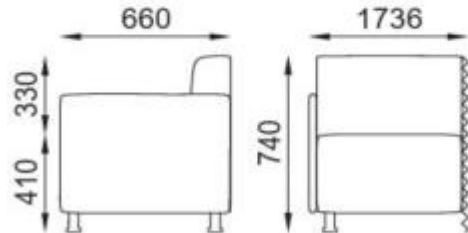

Optional upon request: customization of coatings with alternative fabrics subject to a dedicated quote.
