

## Three-seater polypropylene bench h15906

Three-seater polypropylene bench for waiting rooms. Steel structure and resistant shell. Made in Italy. Dimensions: 155x59xH80 cm.

The **three-seater polypropylene bench** is a professional furnishing solution designed to maximize functionality and durability in reception areas. Designed specifically for **offices, medical practices, hospitals and post offices**, this seating offers a concrete response to the problem of spatial disorder, keeping the stations fixed and aligned. The shell is made of **polypropylene copolymer**, a high-density plastic material that ensures superior resistance to impact and intensive wear. The robust black painted beam structure guarantees stability and ergonomic support for three users, representing a reliable choice for the professional target demanding **Made in Italy** quality standards.

## Technical features
