

Tilting wall-mounted ashtray h957_20

Tilting metal ashtray with wall mounting. Dimensions: W 20 x D 10 x H 15 cm. Weight: 1 kg.

The **h957_20 graphite tilting wall-mounted ashtray** is a practical and elegant solution for collecting cigarette butts in public and private environments. Thanks to its **tilting design**, it allows for quick and hygienic emptying, facilitating maintenance. Constructed of **cold-rolled white sheet metal** (DC01 quality, compliant with the EN10130 standard), it guarantees a solid and impact-resistant structure, ideal for daily use in busy spaces.

The **fire-retardant polyester resin coating** gives the ashtray superior resistance against abrasions, scratches, and atmospheric agents, making it perfect for both indoor and outdoor use. Furthermore, the coating is certified according to European fire safety regulations (classifications A2-s1, d0 and M1), offering peace of mind and compliance with safety standards.

With compact dimensions of **20 x 10 x 15 cm** and a weight of 1 kg, the ashtray is easy to **install on the wall** and takes up little space, integrating discreetly into any environment. The **graphite color**, elegant and neutral, makes it suitable for both modern and classic contexts, while the tilting mechanism offers a touch of practicality.

Make your spaces cleaner and more tidy with our **h957_20 graphite tilting ashtray**, designed to last over time and facilitate maintenance. **Buy it now** and discover the convenience of a safe, resistant product with an essential design. For large quantities, request a personalized quote!

FAQ:

1. **Is the ashtray suitable for outdoors?**
Yes, the polyester resin coating protects it from atmospheric agents and humidity.
2. **How is the ashtray fixed to the wall?**
It is simple to install on the wall.
3. **Is the tilting mechanism resistant?**
Yes, it is designed to withstand intense and frequent daily use.
4. **What color is the ashtray?**
The ashtray is graphite; other colors are available on request.
5. **Is the product safe against fire?**
Yes, the fire-retardant coating is certified according to European regulations.

Mini buying guide:

A **tilting wall-mounted ashtray** is the perfect choice for those looking for practicality, resistance, and safety in a single product. This h957_20 model in **laminated sheet metal** is designed to last over time, even in high-traffic environments such as company entrances, public spaces, hotels, or restaurants.

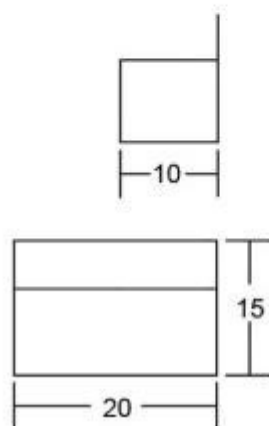

If the ashtray is to be installed outdoors, always check that the material and coating are resistant to atmospheric agents, as in this case. The **tilting design** is particularly useful in contexts where maintenance must be quick and efficient. Also consider the **color** and **dimensions**: **graphite** fits into any environment, while the compact dimensions make it unobtrusive and discreet. For multiple supplies, request a quote to obtain the most advantageous solution for your spaces.
