

Professional 3-slice belt toaster h2307

Professional continuous belt toaster, designed for the automatic toasting of up to three slices of bread.

Belt toaster specifically designed for the automatic toasting of bread slices. Particularly suitable for use in hotels. The hourly production reaches **900 slices**. Both the structure, the conveyor belt, and the heating elements are made of **stainless steel**, a particularly robust and resistant material, as well as aesthetically pleasing and hygienic, therefore perfect for bars and kitchens.

The crumb tray is full-length, to prevent crumbs from falling, and is safely and easily dishwasher-safe.

The outer part of the structure remains cold, an additional precaution to remove the risk of accidental burns.

Technical features:

- Dimensions: 47 x 41 x 37 cm
- Toasting chamber dimensions: 37 x 5.2 cm
- Front loading directly onto the belt or via a special chute
