Toilet seat cover dispenser h41349

Professional stainless steel toilet seat cover dispenser (21.5x6x29 cm), available in polished or satin finish for public restrooms.

The **toilet seat cover dispenser** is a functional element designed to raise hygiene standards and comfort in professional restrooms. Made entirely of **stainless steel**, this dispenser provides an essential protective barrier in shared environments, preventing direct contact with surfaces and improving the user's perception of cleanliness.

The structure is designed to withstand the intensive use typical of high-traffic contexts, while offering a minimal design that integrates into various types of decor thanks to the dual finish option. The device is designed for wall installation, optimizing space inside bathroom stalls.
