

## Top cabinet extension 2 compartments h283\_54

Metal top cabinet extension with 2 compartments and sliding doors. Dimensions: W.200 xD.45xH.90 cm

**Top cabinet extension** for **archiving** and office use with sliding doors. Supporting structure made of first-choice press-bent and adequately reinforced **steel sheet**, thickness 8/10. The **scratch-resistant painting** with epoxy powders is carried out after a micro-phosphating process with passivating neutralization. Drying takes place in a heat-progressive thermal tunnel (180°C) and at a controlled temperature. **Sliding doors** in steel sheet reinforced at the top. The **doors slide** in the top tracks by means of galvanized brackets with nylon-coated ball bearings. Recessed plastic handles. Door stop that does not allow overlapping of the doors. Material supplied disassembled.

### Technical features:
