## Totally silent hotel minibar h7660

34-liter silent absorption minibar in black steel. Zero decibel technology, automatic defrosting and compartment for 1.5 liter bottles.

The **h7660 hotel minibar** is the ideal solution for hospitality facilities that wish to offer maximum comfort to their guests without sacrificing functionality. Thanks to the **absorption refrigeration system**, this minibar operates in total absence of noise (zero decibels), as it has no moving mechanical parts. Specifically designed for integration into hotel room furniture, it solves the problem of night-time disturbances caused by traditional compressors, guaranteeing undisturbed rest. The device is equipped with an **electronic thermostat** and automatic defrosting, features that ensure efficiency over time and reduce the need for technical interventions.
