

Three-sided advertising totem h140213

Totem with three notice boards for public postings with a lunette roof. Useful space for posting (single board): W80 x H100 cm
Triangular metal totem for display/advertising purposes, equipped with three notice boards with an opening door and keyed alike. Product made in Italy, available in various finishes as shown in the attached image. The standard finish is gunmetal, characterized by a dark gray color with a metallic effect.

Structure:

n. 03 supporting posts:

- made of 60x2 mm (lower part) and 48x2 mm (upper part) galvanized steel round tube with a decorative intermediate reduction element;
- flange at the base for ground fixing.

n. 03 notice boards

- made of galvanized steel box section with 12/10 thickness;
- opening front door made of galvanized steel profiles, equipped with a key lock (keyed alike);
- reading side made of transparent compact polycarbonate, unbreakable, UV-protected and particularly suitable for outdoor use, 3 mm thickness;
- removable rectangular and semi-circular nameplates at the top for potentially adding the municipality's name.

Fixing:

- the supporting posts are equipped with flanges with holes for ground anchoring using anchor bolts and expansion plugs;
- the totem is supplied with an assembly kit, stainless steel screws and assembly instructions.

Technical features:

- Dimensions: W105 x D105 x H240 cm
- Useful space for posting (single board): width 80 cm - height 100 cm
- Weight 105 kg
- ISO 9001:2008 Certified
