

Transportable diesel tank with lid h1042_05

Transportable diesel tank with lid h1042_05 - 440 L in single-layer LLDPE polyethylene, ADR 1.1.3.1 c) approved. 18 V CAS battery operation independent of the vehicle, with autonomy up to 900 liters per charge.

The **Transportable diesel tank with lid h1042_05** is a 440-liter mobile station approved for transport intended for immediate consumption according to the ADR 1.1.3.1 c) craftsman rule. Made of grey single-layer polyethylene (LLDPE) with an orange lid and uncoated, this model stands out for its operation via a 18 V CAS system rechargeable battery with a capacity of 4 Ah, supplied as standard along with the charger. This cordless system is completely independent of the vehicle's batteries and free of connection cables, ensuring economic advantages through the multiple use of existing batteries and guaranteeing a maximum autonomy of up to 900 liters per single charge. The single-layer structure is suitable for Diesel, Biodiesel, HVO, and heating oil, and integrates a nozzle holder, a filling neck, a vent with pressure relief for greater safety, ergonomic handles, forklift pockets, and recesses for secure fastening with a ratchet strap during transport. It is delivered in an already assembled condition and is equipped with a 40 l/min electric pump, a 4.37-meter long delivery hose (DN 19 diameter), and an automatic diesel nozzle.

Technical features

- **Volume:** 440 l
- **External dimensions (L x W x H):** 118 x 80 x 71 cm
- **Weight:** 43 kg
- **Use:** Mobile
- **Installation site:** Transport
- **Material:** LLDPE (single-layer polyethylene)
- **Coating:** Uncoated
- **Tank color:** Grey
- **Lid color:** Orange
- **Lid:** Yes
- **Power supply / Cordless system:** Cordless, independent of vehicle batteries
- **Battery system:** CAS (Cordless Alliance System) with battery and charger included
- **Operating voltage:** 18 V CAS
- **Battery capacity:** 4 Ah
- **System compatibility:** Over 280 machines in the 18 Volt class
- **Maximum autonomy:** Up to 900 liters per battery charge
- **Pump drive:** Electric pump
- **Max flow rate:** 40 l/min max.
- **Delivery hose length:** 4.37 m
- **Hose diameter:** DN 19
- **Stackable:** Yes
- **Forklift pockets:** Yes
- **ADR indication:** According to ADR 1.1.3.1 c)
- **Nozzle:** Automatic for diesel
- **Suitable fluids:** Diesel, Biodiesel, HVO, Heating oil
- **Assembly state:** Assembled
- **Warranty in years:** 2
