

Transportable tank 210 L h1042_08

Transportable tank 210 L h1042_08 for AdBlue® in single-layer LLDPE polyethylene. Not subject to ADR regulations, supplied assembled with orange lid, 12V electric pump and automatic nozzle.

The **Transportable tank 210 L h1042_08** is a compact mobile system designed to allow the easy transport of urea solutions. Since AdBlue® is not classified as dangerous goods under ADR regulations, no ADR approval is required for this container. Made with a single-layer tank in robust uncoated blue polyethylene (LLDPE) and completed by an orange lid, it structurally integrates forklift pockets and ergonomic handles to ensure easy loading. The safety and stability of the load during road transport are supported by specific recesses designed for secure fastening with a ratchet lashing strap. The product is supplied in a fully assembled condition and is equipped with a 12V DC electric pump capable of delivering a maximum flow rate of 25 l/min. The transfer unit includes a 4-meter long delivery hose (diameter DN 19), a plastic automatic dispensing nozzle and a 4-meter electric cable with battery clamps for connection to the power supply.

Technical features

- **Volume:** 210 l
- **External dimensions (L x W x H):** 78,5 x 59,5 x 68,5 cm
- **Weight:** 22 kg
- **Use:** Mobile
- **Installation site:** Transport
- **Material:** LLDPE (single-layer polyethylene)
- **Coating:** Uncoated
- **Tank color:** Blue
- **Lid color:** Orange
- **Lid:** Yes
- **Operating voltage:** 12V DC
- **Pump drive:** Electric pump
- **Max. flow rate:** 25 l/min max.
- **Delivery hose length:** 4 m
- **Hose diameter:** DN 19
- **Stackable:** Yes
- **Forklift pockets:** Yes
- **ADR regulation:** Not dangerous goods according to ADR (no ADR approval required)
- **Dispensing nozzle:** Plastic automatic
- **Cable length:** 4 m
- **Connector:** Battery clamps
- **Suitable fluids:** AdBlue®
- **Assembly status:** Assembled
- **Warranty in years:** 2
