

Transportable tank 620 L h1042_07

Transportable tank 620 L h1042_07 for AdBlue® in single-layer LLDPE polyethylene. Not subject to ADR regulations, pre-assembled with lid, 12V diaphragm pump, crane eyes and automatic nozzle.

The **Transportable tank 620 L h1042_07** is a mobile system designed to allow simple transport of urea solutions. Since AdBlue® is not classified as dangerous goods according to ADR, no ADR approval is required for this structure. Made of robust single-layer polyethylene (LLDPE) in blue with an orange lid, the container ensures easy loading and handling thanks to the integration of forklift pockets, ergonomic handles, and crane eyes. Load stability during transport is ensured by special recesses for secure fastening with a ratchet lashing strap. The product is supplied pre-assembled and is equipped with a 12V DC powered diaphragm pump, capable of reaching a maximum flow rate of 30 l/min. The dispensing unit is completed with a 4-meter long hose (DN 19 diameter), an automatic plastic dispensing nozzle, and a 4-meter cable with pole clamps for electrical connection.

Technical features

- **Volume:** 620 l
- **External dimensions (W x D x H):** 118 x 80 x 103 cm
- **Weight:** 53 kg
- **Usage:** Mobile
- **Installation site:** Transport
- **Material:** LLDPE (single-layer polyethylene)
- **Tank color:** Blue
- **Lid color:** Orange
- **Lid:** Yes
- **Operating voltage:** 12V DC
- **Pump drive:** Diaphragm pump
- **Max flow rate:** 30 l/min max.
- **Delivery hose length:** 4 m
- **Hose diameter:** DN 19
- **Stackable:** Yes
- **Forklift pockets:** Yes
- **Crane eyes:** Yes
- **ADR regulation:** Not dangerous goods according to ADR (no ADR approval required)
- **Dispensing nozzle:** Automatic plastic
- **Cable length:** 4 m
- **Connector:** Pole clamps
- **Suitable fluids:** AdBlue®
- **Assembly state:** Pre-assembled
- **Warranty in years:** 2
