

Tray clearing bin for fast food h20_106

Tray clearing bin in white painted metal, swing door, 50L capacity, ideal for fast food and pizzerias.

Container with **front swing door** specifically designed for fast food environments, pizzerias and rotisseries. The tray clearing bin facilitates the rapid disposal of waste and dirty trays during peak times, solving the need for hygiene and operational speed in high-traffic areas such as shopping centers and catering points.

Made of **white painted metal**, the structure ensures durability and ease of cleaning in humid environments. The functional design integrates elements designed for daily operation: internal bag holder in galvanized metal, reversible lower door with triangular key lock, and adjustable feet for adaptation to irregular floors.
