

Tray rack trolley - 18 tray capacity h220155

Professional nickel-chrome steel tray rack trolley for 18 GN 1/1 containers (41x61x189 cm). Robust structure with double safety lock, rubber wheels and 80 kg load capacity.

The **professional GN 1/1 tray rack trolley** is an indispensable piece of equipment for managing workflows in large kitchens, hotels, canteens and catering services. Made entirely of **nickel-chrome steel**, this model combines superior hygiene with high-level structural strength. The single-column structure allows storing up to **18 Gastronorm 1/1 containers**, optimizing vertical space thanks to its 189 cm height. To ensure maximum safety during movement, the trolley is equipped with a **double locking system** (front and back) that prevents accidental sliding of the trays, making it ideal for rapid transport between preparation and distribution areas.

Technical characteristics

- **Material:** Nickel-chrome steel (highly hygienic and resistant)
- **Frame:** Square section tubes 25.8 x 25.8 mm
- **Capacity:** 18 Gastronorm GN 1/1 containers (max depth 65 mm)
- **Distance between shelves:** 80 mm (excellent ventilation of the preparations)
- **Safety:** Container locking system on both sides (front and rear)
- **Total load capacity:** 80 Kg
- **Movement:** 4 rubber wheels Ø 100 mm with bumpers
- **Stability:** 2 wheels equipped with parking brake
- **Total dimensions:** W. 415 x D. 610 x h. 1890 mm
- **Weight:** 20.2 Kg

* The trolley is supplied disassembled (easy to assemble). GN containers not included.

INFORMATION

- **Length in millimetres** 415.000000
- **Depth in millimetres** 610.000000
- **Height in millimetres** 1890.000000
- **size pans** GN 1/1 - 53 x 32,5 cm
- **capacity** 18 Trays
