

Tray rack trolley for professional kitchens h41892

Professional stainless steel tray rack trolley for 15 trays (37x53 cm). Compact structure (42x56x160 cm) with central safety bar, 6 cm pitch and multidirectional wheels. Compliant with CE and HACCP standards.

The **professional stainless steel tray rack trolley** is the ideal tool for optimizing workflows in restaurants, canteens and catering laboratories. Designed specifically for the **37 x 53 cm** tray format, this model solves the problem of storage and transport in kitchen spaces that require agile and safe equipment. The structure is equipped with a **central safety bar**, a fundamental technical feature that prevents trays from slipping during fast movement. Made entirely of stainless steel, it guarantees total resistance to corrosion and immediate sanitation, in full compliance with European regulations on food products.
