

Tray rack trolley h110_162

Professional stainless steel tray rack trolley for 15 GN 2/1 containers (47x62x170 cm). Robust, hygienic and agile structure with 4 wheels (2 braked).

The **professional stainless steel tray rack trolley** is an indispensable tool for the logistical organization of modern kitchens, bakeries and canteens. Thanks to its vertical structure, it solves the problem of temporary storage in cramped spaces, allowing the management of up to **15 GN 2/1 containers** in total safety. Made entirely of stainless steel, this trolley guarantees high corrosion resistance and superior ease of sanitization, fully complying with **HACCP** protocols. Mobility is provided by four multi-directional wheels that allow preparations to be transported from the work area to the service (or refrigeration) area with minimal effort, always maintaining a stable and professional setup.

Technical features

- **Material:** professional stainless steel (resistant and hygienic)
- **Load capacity:** 15 Gastronorm GN 2/1 containers
- **Total dimensions:** W. 47 x D. 62 x h. 170 cm
- **Weight:** 21.8 kg (optimal stability and maneuverability)
- **Handling:** 4 high-smoothness multi-directional wheels
- **Safety:** 2 wheels equipped with parking brakes
- **Installation:** easy-to-assemble kit
