Tray rack trolley h215_228

AISI 304 stainless steel pastry trolley for 14 trays (60x40 cm). Dimensions 44x63x165 cm, 10 cm pitch and braking wheels. Robust, hygienic and ideal for intensive use.

The **professional tray rack trolley** in AISI 304 stainless steel is the ultimate solution for the organization and storage of baked goods in canteens, restaurants, and large hotels. Designed specifically to accommodate trays and pans in the standard **60 x 40 cm** format, this model combines superior structural strength with impeccable hygienic management. Thanks to its 14-level configuration with a 10 cm pitch, it effectively solves the problem of storing products with a certain height development or those requiring greater aeration. The structure rests on four multidirectional wheels that ensure smooth movement between preparation laboratories and service areas, while guaranteeing absolute stability thanks to the integrated brakes.
