Tray transport trolley h110_164

Professional stainless steel tray rack trolley for 7 GN 2/1 containers (59x67x95 cm). Compact design with top work surface, braking wheels and total load capacity of 84 kg.

The **professional 95 cm tray rack trolley** for GN 2/1 format is the ideal equipment for logistic organization in hotels, large restaurants, canteens and catering services. Made entirely of **stainless steel**, this tool offers excellent resistance to corrosion and guarantees quick and deep sanitization, in line with HACCP protocols. Its medium-height structure not only allows the storage of **7 GN 2/1 containers** (or 14 GN 1/1 containers), but also offers a large **top work surface** that can be used during preparation or plating phases. The multidirectional wheels, two of which are equipped with brakes, ensure smooth movement and safe parking, making it a versatile and indispensable mobile station for every professional kitchen.
