

Tray trolley 30 trays h712_53

Vertical "Z"-shaped tray trolley in chrome-plated steel for 30 trays or 15 GN 1/1 containers (55x38x171 cm). Space-saving nesting design, safety bracket, and shock-proof wheels.

Short Description Vertical "Z"-shaped tray trolley in chrome-plated steel for 30 trays or 15 GN 1/1 containers (55x38x171 cm). Space-saving nesting design, safety bracket, and shock-proof wheels. Description (HTML) + Technical characteristics (HTML)

The **professional GN 1/1 tray trolley** with a "Z" structure is the ultimate solution for space optimization in canteens, hospitals, and large kitchens. Made of **chrome-plated steel**, this model stands out for its exceptional load capacity, being able to alternately accommodate up to **30 trays or 15 Gastronorm 1/1 containers**. The characteristic "Z" shape of the frame is not just aesthetic: it allows **multiple trolleys to be nested together** when not in use, drastically reducing storage space. Safety during transport is guaranteed by an anti-slip protection bracket, while the oversized wheels with bumpers ensure smooth and silent movement.

Technical characteristics

- **Material:** High-resistance chrome-plated steel
- **Space-saving Design:** "Z" structure for quick nesting of trolleys
- **Capacity:** 30 trays or 15 GN 1/1 containers
- **Safety:** Anti-slip locking bracket included
- **Movement:** 4 swivel wheels Ø 120 mm (oversized)
- **Stability:** 2 wheels equipped with parking brakes
- **Protection:** Integrated shock-proof system on wheels
- **Total dimensions:** W. 55 x D. 38 x H. 171 cm

* GN containers and trays are not included in the delivery.

INFORMATION

- **Length in millimetres** 550.000000
- **Depth in millimetres** 380.000000
- **Height in millimetres** 1710.000000
- **size pans** GN 1/1 - 53 x 32,5 cm
- **capacity** 30 vassoi
