

Tray trolley capacity 18 GN 1/1 trays h21581

Professional stainless steel tray trolley for 18 GN 1/1 containers (39x57x173 cm). High-capacity vertical structure, 150 kg load capacity and wheels with brakes.

The **18-level Gastronorm tray trolley** is the professional solution designed to maximize logistical efficiency in industrial kitchens, hotels, canteens and catering services. Made entirely of **stainless steel**, this tool offers excellent resistance to corrosion, heat and mechanical stress typical of HoReCa environments. The vertical development structure allows for the organization of up to 18 GN 1/1 trays in a minimum footprint, solving the problem of temporary storage and transport of preparations. Thanks to the four integrated wheels, two of which are equipped with a braking system, the trolley guarantees smooth movement and safe parking, facilitating the workflow between cooking and distribution areas.

Technical features

- **Material:** stainless steel (resistant to corrosion, fire and heat)
- **Capacity:** 18 Gastronorm GN 1/1 containers
- **Total dimensions:** W. 395 x D. 570 x H. 1735 mm
- **Maximum load:** 150 kg (reinforced structure for heavy loads)
- **Distance between levels:** 80 mm for optimal air circulation
- **Guide width:** 15 mm
- **Movement:** 4 multi-directional wheels (2 with parking brake)
- **Wheel diameter:** 100 mm
- **Weight:** 23 kg

** The product is delivered disassembled to preserve its integrity during transport.*

INFORMATION

- **Length in millimetres** 385.000000
- **Depth in millimetres** 555.000000
- **Height in millimetres** 1735.000000
- **size pans** GN 1/1 - 53 x 32,5 cm
- **capacity** 18 Trays
