

Tray trolley GN 1/1 h2200149

Professional double-column tray trolley, entirely made of **stainless steel**. Capacity **20 GN 1/1 trays**, sturdy 2x2 cm square tube structure and 12.5 cm swivelling wheels. Ideal for canteens, self-service and large catering centers.

The **double-column tray trolley** is the ultimate logistical solution for intensive service management in canteens, self-service restaurants, and fast-food outlets. Built entirely of **stainless steel**, this model offers exceptional stability thanks to the square tube structure (2x2 cm section) with bolted crossbars, ensuring resistance to mechanical stress and multi-year durability in the most dynamic work environments.

The trolley is configured to simultaneously accommodate **20 GN 1/1 trays** (53x32.5 cm) on two side-by-side columns. The "L" shaped stainless steel sheet guides are designed for quick and safe insertion, with a **pitch of 11 cm** ensuring the right space between levels. Movement is fluid and precise thanks to the four 12.5 cm swivelling wheels, while the **grey rubber bumpers** at the corners protect the structure and room furnishings from accidental impacts.
