

Tray trolley h110_163

Compact stainless steel tray trolley for 7 GN 1/1 containers (38x55x95 cm). Robust structure with top worktop and braking wheels.

The **professional 95 cm tray trolley** is a compact and versatile solution, designed to optimize operational spaces in restaurant kitchens, hotels, and catering services. Made entirely of **stainless steel**, this tool ensures high resistance to corrosion and impeccable ease of sanitation, in line with HACCP protocols. Thanks to its low height, the trolley not only allows for the storage of **7 GN 1/1 containers**, but also serves as a practical additional **mobile worktop**. The integrated wheels, two of which are equipped with brakes, ensure smooth movement and safe positioning, effectively solving the need for rapid transport between preparation and service areas.
