

Tray trolley h887_28

Stainless steel trolley for 15 GN 1/1 trays (44.5x61x171 cm). Space-saving nesting design, tray locking on both sides, 150 kg capacity and wheels with brakes.

The **h887_28 tray trolley** is the professional solution designed to optimize logistics in industrial kitchens, canteens, and bakeries. Made of **high-quality stainless steel**, this model guarantees total corrosion resistance and excellent durability under stress. The 15-level structure is calibrated for the **GN 1/1** standard, with a generous 80 mm spacing that facilitates air circulation and the insertion of trays of different heights. The strength of the H887_28 model is its **nesting capability**: the frame design allows the trolleys to be tucked into one another when empty, drastically reducing the storage footprint.

Technical features

- **Material:** Professional stainless steel
- **Capacity:** 15 levels for Gastronorm GN 1/1 trays
- **Total dimensions:** W. 44.5 x D. 61 x H. 171 cm
- **Runner pitch:** 80 mm (vertical space between levels)
- **Maximum load:** 150 kg (uniformly distributed)
- **Safety:** Tray locking system on both sides
- **Handling:** 4 robust wheels, 2 of which with parking brakes
- **Design:** Space-saving nesting structure
- **Net weight:** 20.85 kg

* Trays not included in the supply.

INFORMATION

- **Length in millimetres** 445.000000
- **Depth in millimetres** 610.000000

- Height in millimetres 1710.000000
- size pans 15 x GN 1/1
- capacity 15 teglie
