

Tray trolley h887_30

Stainless steel tray trolley for 15 GN 1/1 trays. Safety system with double stop, wheels with brakes and compact structure (44x61x171 cm).

The **professional stainless steel tray trolley** is the ideal solution for those seeking robustness and safety when moving **Gastronorm 1/1** containers. Designed for intensive use in industrial kitchens, restaurants and canteens, this model offers 15 loading levels with a generous 80 mm pitch, ensuring optimal ventilation and ease of insertion. The distinctive feature is the **locking system with a stop on both sides**, which ensures maximum stability of the trays during transport, preventing accidental falls. Made of anti-corrosion stainless steel, it ensures long-term durability and rapid sanitization in compliance with HACCP standards.
