

Tray trolley suitable for 16 trays h83320

Professional stainless steel trolley for 16 GN 1/1 trays (44x61x173.5 cm). Structure with integrated handle, anti-slip rear support, bumpers and braking wheels. Quick assembly in 10 minutes.

The **H83320 tray trolley** represents the perfect synthesis of operational robustness and logistical practicality for hotels, restaurants, canteens and industrial kitchens. Entirely built in **stainless steel**, this model is designed to withstand the fast pace of professional laboratories, guaranteeing the highest standards of hygiene. The single-column structure can accommodate up to **16 GN 1/1 trays**, secured by a rear support that prevents accidental cargo leakage. The finishes with welded and polished joints eliminate any sharp edges, while the **integrated handle** facilitates ergonomic pushing. Supplied in a kit with tools included, it assembles in just 10 minutes, making it immediately ready for use.
