

Tray trolley with 3 panels h2200161

Universal and 3-sided paneled tray trolley, made of **AISI 304 stainless steel**. Capacity **20 trays** of different shapes (max 53x39 cm), equipped with side and rear closure, and **top shelf with safety railing**. Maximum protection and hygiene for large facilities.

The **triple-paneled universal tray trolley** represents the top of the range for logistical management in catering facilities requiring the highest standards of hygiene and discretion. Thanks to the presence of **three AISI 304 stainless steel panels** (two sides and one rear), the contents are completely protected from external contamination and screened from the guests' view, ensuring an always tidy environment.

Versatility is guaranteed by the **chrome-plated steel wire runners**, designed to accommodate 20 trays of heterogeneous shapes and sizes, up to a maximum of 53x39 cm. A fundamental added value is the **top service shelf**, equipped with a safety railing, which offers an extra surface for placing carafes, baskets, or consumables. The square tube structure with bolted crossbars and the oversized 12.5 cm wheels ensure excellent stability and maneuverability even when fully loaded.

Technical characteristics

- **Frame material:** Stainless Steel (2x2 cm section square tube)
- **Paneling:** 3 AISI 304 stainless steel panels (sides + rear)
