

Tray Trolley with wooden panels h2200157

Professional double-column tray trolley with **stainless steel** structure and refined **melamine wooden side panels**. Capacity **20 GN 1/1 trays**, available in Oak, Tobacco Oak, or White finishes. It combines industrial solidity with a refined design for high-level restaurant dining rooms.

The **double-column tray trolley with wooden panels** is the perfect technical furnishing solution for hospitality facilities that require large load capacity without sacrificing aesthetics. The robust **stainless steel square tube structure** (2x2 cm section) guarantees stability and resistance to corrosion, while the melamine wooden side panels allow the trolley to be integrated into the room's decor, elegantly screening the view of loaded trays.

Designed to accommodate up to **20 Gastronorm 1/1 trays** (53x32.5 cm), the trolley is equipped with "L" shaped stainless steel sheet slides with a pitch of 11 cm, ideal for facilitating quick clearing operations. Aesthetic customization is guaranteed by the three available finishes: natural **Oak**, deep **Tobacco Oak**, or bright **White**. Movement is fluid and precise thanks to the four 12.5 cm swivel wheels and the non-marking grey rubber corner bumpers.
