

Trolley for 14 pastry trays h09196

Professional stainless steel tray trolley for 14 trays of 60x40 cm (52x72x182 cm). Robust vertical structure with multi-directional wheels.

The **professional tray trolley** with vertical development is the ideal technical solution to optimize storage and logistics in pastry laboratories, bakeries, and industrial kitchens. Made entirely of **stainless steel**, this tool guarantees maximum resistance to corrosion and impeccable hygiene, fully meeting the requirements of HACCP regulations. The structure is calibrated to accommodate up to **14 trays of 60 x 40 cm**, offering a high load capacity in an extremely small footprint. Thanks to its solidity, it solves the operational problem of production flow management, facilitating the transition between the stages of preparation, proofing, and cooling of baked goods.

Technical features

- **Material:** high quality stainless steel
- **Capacity:** capacity for 14 trays size 60 x 40 cm
- **Distance between runners:** 8 cm for optimal air circulation between levels
- **Handling:** 4 multi-directional wheels for smooth movement in every direction
- **Total dimensions:** W. 52 x D. 72 x H. 182 cm
- **Structure:** reinforced frame for professional intensive use
- **Hygiene:** smooth and easy-to-sanitize surfaces
