

Trolley for 600 x 400 mm trays h21584

Double stainless steel pastry trolley for 36 trays (60x40 cm). Reinforced high-capacity structure (88x60x173.5 cm), 300 kg capacity and 4 wheels with brakes.

The **professional double tray trolley** is the definitive solution for high-volume logistics management in industrial pastry shops, bakeries, large hotels, and cooking centers. Made entirely of **stainless steel**, this model solves the problem of massive storage for production batches, offering a double-lane configuration that simultaneously accommodates up to **36 trays of 600 x 400 mm** (18+18). Stainless steel guarantees total resistance to corrosion and rapid sanitization, fundamental requirements for HACCP regulations. Despite the impressive load capacity, maneuverability is ensured by a system of four multi-directional wheels, all equipped with brakes to ensure safe parking during the delicate loading and unloading phases.

Technical characteristics

- **Material:** professional stainless steel (resistant and hygienic)
- **Configuration:** double lane (2 x 18 levels)
- **Capacity:** 36 trays of 600 x 400 mm
- **Total dimensions:** W. 880 x D. 600 x H. 1735 mm
- **Maximum capacity:** 300 kg (hyper-robust structure)
- **Distance between levels:** 90 mm (optimal for aeration and leavening)
- **Movement:** 4 multi-directional wheels Ø 100 mm
- **Safety:** all 4 wheels are equipped with a parking brake
- **Operating weight:** 39 kg

* The product is delivered without trays.

INFORMATION

- **Length in millimetres** 880.000000
- **Depth in millimetres** 600.000000
- **Height in millimetres** 1735.000000
- **size pans** 60 x 40 cm
- **capacity** 36 teglie
