

Luggage and garment trolley h2256

Chrome-plated luggage and garment trolley with carpeted base and bumpers. Dimensions 99x59xH189 cm, 16 cm wheels with brake. Elegant and functional for hotels.

The **luggage and garment trolley** is an indispensable accessory for hotel facilities wishing to offer a refined and efficient reception service. Characterized by an elegant **chrome finish**, this tool is designed to facilitate the simultaneous transport of suitcases and delicate clothing items, solving the problem of managing bulky luggage in the lobby. The **steel tube** structure guarantees stability and resistance, while the **carpeted** base ensures that suitcase surfaces do not suffer scratches or slipping during the journey to the rooms. Transit safety is further increased by the **rubber bumper** profile that surrounds the entire base, protecting the furniture and walls of the facility.
