

Luggage and garment trolley h2257

Compact chrome garment and luggage trolley (79x59 cm). Carpeted base, rubber bumpers and 16 cm wheels with brake. Ideal for elevators and hotels.

The **luggage and garment trolley** is a technical furnishing solution designed for **hotel facilities** wishing to offer an impeccable and refined portage service. Made with a sturdy **chrome-plated steel tube structure**, this model solves the problem of moving mixed loads in tight spaces, thanks to its compact dimensions that facilitate entry into any type of elevator. The base is elegantly **carpeted**, ideal for preventing scratches on guests' suitcases, while the perimeter is protected by **rubber bumpers** to safeguard the integrity of walls and door frames during transit. Complete with a top rail, it allows for the transport of long clothes and coats ensuring they arrive in the room perfectly pressed.
