

Turtle-shaped rocker h999_38

Turtle-shaped rocker (133x45x32 cm) for nurseries and play areas. Designed for the simultaneous use of 2 or 3 children in total safety.

The **turtle-shaped rocker h999_38** is a play station designed for safe entertainment inside nurseries, kindergartens, and playrooms. Aimed at educators and managers of children's play areas, this furniture solves the need to let several children interact at the same time using a single piece of equipment, thus optimizing the space available to the facility. The shape, sized at 133 x 45 x 32 cm, allows simultaneous use by up to a maximum of 3 children, favoring socialization and the development of group balance. Equipped with special safety handles, it guarantees a firm grip during rocking, preventing accidental falls and ensuring a constantly protected and controlled play environment.
