

Two-seater polypropylene bench h15905

Two-seater polypropylene bench for waiting rooms. Steel structure and resistant shell. Made in Italy. Dimensions: 103x59xH80 cm.

The **two-seater polypropylene bench** is a professional furnishing solution designed to optimize the reception in collective spaces and offices. Thanks to the shell in **copolymer polypropylene**, a high-density and durable plastic material, the product guarantees excellent resistance to daily wear and mechanical stress. The structure is based on a sturdy black painted beam that ensures maximum stability, effectively solving the need for fixed and tidy seating in contexts such as **hospitals, medical offices, and post offices**. The ergonomic design and the **Made in Italy** construction quality make it ideal for the professional target looking for functional and long-lasting furniture for their users.
