

Two-seater fire-retardant polypropylene copolymer bench h15914

Two-seater fire-retardant polypropylene bench for waiting rooms. Steel structure and ergonomic seats. Made in Italy. Dimensions: 103x59xH80 cm.

The **two-seater waiting room bench in polypropylene copolymer** is a professional furnishing solution designed to guarantee maximum safety and durability in high-traffic environments. Thanks to the **Class 1 fire-retardant** certification and the polypropylene copolymer shell, this product solves the problem of wear resistance and regulatory compliance in sensitive contexts. The structure, characterized by a solid black painted beam, ensures stability and an orderly positioning of the seats, making it ideal for **offices, medical offices, hospitals and clinics**. The **Made in Italy** construction quality and ergonomic design offer reliable support for professional indoor use.
