

Two-seater wooden changing table unit h17502

Two-seater changing table unit in melamine-faced beech wood with 120x75 cm padded top. Structure in 18 mm panels, laminate doors, ABS adjustable feet, Made in Italy.

The two-seater changing table unit is a professional solution for nurseries, childhood centers, and healthcare facilities requiring ergonomic and safe stations for childcare and hygiene. Designed for two operators simultaneously, it combines practical functionality, construction robustness, and attention to child safety in every detail.

Technical features

- **Dimensions:** Width 111 cm, depth 55 cm, height 87 cm
- **Padded top:** 120x75x15 cm, upholstered in fire-retardant PVC-free imitation leather on the upper layer
- **Structure:** 18 mm thick water-resistant melamine-faced beech wood panels (side walls), 8 mm thick (back)
- **Edge:** ABS beech finish, 2 mm thick, rounded at corners and edges for accident prevention safety
- **Assembly:** 8 mm wooden dowels and water-based vinyl glue; back supported by a channel 1 cm from the edge with a depth of 6 mm
- **Internal dividers:** Two central dividers creating three sectors; left sector with one shelf, central sector with two shelves (if ladder is absent)
- **Shelf support system:** Stoppers with hole and pin; euro screw connects the side to the shelf preventing it from being pulled out
- **Doors:** 16 mm wood particle panels covered in beech-grained plastic laminate (colors: sand yellow, light blue, sea green); 2 mm ABS edge with rounded corners; 2 spring hinges per door with closing thrust
- **Support feet:** ABS with central adjustment for leveling; 58 mm diameter stem, 110 mm base for maximum stability even in case of imbalance
- **Top upstands:** Fir wood and 6 mm plywood covered in foam material (2 and 4 cm) and fire-retardant PVC-free imitation leather; fixed with 5x70 mm self-tapping screws, removable for cleaning and maintenance
- **Back finishes:** Quality suitable for visible solutions, also suitable for dividing environments
- **Origin:** Made in Italy
