

Two-seater gas cylinder trolley 4 wheels convertible h55_110

Two-seater gas cylinder holder for 40/50 liter gas cylinders. Painted steel, 2 fixed wheels Ø200 mm + 2 swivel wheels Ø125 mm, load capacity 200 kg, chain containment system, integrated toolbox.

The **two-seater gas cylinder holder** is a specialized trolley for the safe transport of 40/50 liter compressed gas cylinders, designed to prevent accidental falls and ensure controlled handling in industrial, logistics, and construction site environments. It solves the problem of unstable management of multiple cylinders simultaneously, offering structural stability and ease of movement.

Made of **electrowelded and epoxy powder-coated steel**, the trolley features a **robust and resistant structure** complete with a containment system using a **red painted chain** for maximum visibility and an ergonomic **push handle** that facilitates safe movements. The **cylinder holder plate is laser-cut** with a thickness of 30/10 mm, ensuring precision and durability.

The wheels consist of **2 solid rubber wheels Ø 200 mm** (fixed) and **2 swivel solid rubber wheels on a joint Ø 125 mm**, with hubs in zinc-chromated and riveted stamped steel sheet for corrosion resistance. An **integrated toolbox** (475 × 155 × h. 170 mm) allows for the transport of accessories and small tools along with the cylinders.

Technical characteristics

- **Operating dimensions:** W. 735 × D. 450 × h. 1335 mm
- **Transformed dimensions:** W. 735 × D. 1210 × h. 1000 mm
- **Weight:** approx. 23 kg
- **Capacity:** 40/50 liters (cylinders Ø 230 mm)
- **Load capacity:** 200 kg
- **Cylinder ring height:** 940 mm
- **Cylinder ring circumference:** 230 mm
- **Fixed wheels:** 2 in solid rubber Ø 200 mm
- **Swivel wheels:** 2 in solid rubber on joint Ø 125 mm
- **Wheel hubs:** zinc-chromated and riveted stamped steel sheet
- **Maximum operating speed:** 4 km/h
- **Loading plate:** 580 × 200 mm
- **Toolbox:** 475 × 155 × h. 170 mm
- **Containment system:** red painted chain
- **Material:** electrowelded epoxy powder-coated steel
- **Cylinder holder plate thickness:** 30/10 mm (laser-cut)
- **Compliance:** CE
