

Umbrella bag display stand h358_06

Drip-guard bag dispenser in silver painted metal. Measures: 27 x 8 x 100 cm.

The **umbrella bag display stand h358_06** is a professional dispenser with an essential design, designed for commercial activities that wish to maintain high standards of order and safety even during rainy days. Made of **silver painted metal**, this support offers a robust and easy-to-sanitize structure, solving the operational problem of wet and slippery floors at the entrance of the premises. Thanks to its slim line with a depth of only 8 cm, the display allows customers to easily take the drip-guard wrappers without creating clutter in transit areas, guaranteeing a polished and functional welcome for every type of professional target.
